

# Once Upon a Time™

## Enchanting Tales™

Welcome to *Enchanting Tales*, an expansion for the *Once Upon a Time 3rd Edition* card game. It helps you create *Once Upon a Time* fairytales focusing on courtly intrigue, romance, and castle life.

Being a princess isn't all singing to animals and going to balls! Tell the story of how the poisoned queen was cured by a kiss from an enchanted broom.

## Highly Flavored Stories

The *Once Upon a Time* core game has a broad mix of cards appropriate to a wide variety of fairy tales. Each of *Once Upon a Time's* expansions, though, focuses on cards of a certain theme. *Animal Tales*, *Enchanting Tales*, *Fairy Tales*, *Fairytales Mash-ups*, *Knighly Tales*, and *Seafaring Tales* each provide elements and endings that are specific to their subjects.

But because the core game has 165 cards and each expansion adds only 55 cards, simply shuffling an expansion into the core game can result in stories that are not as strongly themed as you might like, or be expecting.

To play with a game strongly flavored by a single expansion, we recommend making two adjustments:

1. Randomly remove roughly a third of the core game's Story Cards (but leave in those listed to the right) before shuffling in the expansion's story cards. This prevents the expansion from being too much diluted.
2. Use only Ending Cards from the expansion. That is, don't use any from the core game. (This keeps everyone's contributions solidly engaged with the expansion's theme.)

## In Other Expansions

Courtly drama occurs in lots of tales! Other *Once Upon a Time* expansions have cards that contribute to a magical monarchical theme. For the most enchanted experience, include these cards from the other expansions, too:
