FROM SPRUE ... TO NEW!

SPRUES COLLECTION POINT

GIVE YOUR SPRUES A SECOND LIFE!
Send them to Atlas Games for recycling
into Replay Workshop products

Your Friendly Local Game Store is partnering with Atlas Games to recycle sprues and unpainted miniatures. Help us reduce our hobby's plastic waste, by remaking sprues into new game accessories for our Replay Workshop product line. Together we can make hobby gaming more sustainable and protect the environment!

What happens to the collected sprues?

- Gamers like you bring your sprues to your FLGS.
- Atlas Games takes your sprues and grinds them up into a fine shred.
- 3 We injection mold the shred into new products for our Replay Workshop line.

LET'S LEVEL UP OUR RECYLING GAME!
