

Fast & Fhtagn™ ("fuh-TAH-gihn")

A component-rich card game where street racers jockey for victory on the city's mean, Cthulhoid streets.

Key Selling Points

- A comic mash-up of Lovecraft and the *Fast & Furious* franchise. Cards include "Fin Diesel, Deep One," "Benz in the Fabric of Space-Time," "An Offer Man Was Not Meant to Refuse," "Tcho-Tcho Drift," and more.
- A standalone sequel to the Origins Award-winning *Cthulhu 500* card game. Completely new gameplay with cross-game compatibility.
- Many paths to victory; no player is ever out of the running.

What It's About

Every player is a hotshot in a Cthulhoid racer.

As the pack screams through an ever-changing city with complete disregard for health, safety, and sanity, they visit chop shops to mod their cars, recruit gangs to help with repairs, and throw themselves both into oncoming traffic and onto narrow sidewalks to pass their loathsome opponents.

Climb aboard your Cycle of Self-Doubt, open a canister of Hypnos Oxide, and plant a lucky kiss on your Perverse Bobblehead of Ulthar. If disaster strikes, there's a Welder Thing up ahead.

Winners bask in glory. Losers get fed to the Great Old Ones!

Gameplay Basics

- Racers jockey for position in a grid of lanes and sidewalks that changes unpredictably as the pack screams through the city.
- A dangerous world adds to the challenge: Lanes disappear, medians materialize, sidewalks are blocked, and the lanes are lousy with civilians.
- Players must balance advancement, aggression, modding, and style to win by leading the pack when they reach the finish line.
