

# Feng Shui 2™

A roleplaying game set in the over-the-top world of Hong Kong action cinema, where kung fu and blazing guns meet the strange and supernatural.

## Key Selling Points

- A **time-traveling kung fu mash-up** that draws on every Asian action-movie trope and then some.
- A trend-setting RPG of the '90s **rebooted and re-imagined** for a new generation of gamers.
- Created by award-winning designer Robin D. Laws (*Gumshoe*, *Hillfolk*). Published by Atlas Games (*Ars Magica*, *Unknown Armies*, *Over the Edge*).

## What It's About

Players become heroes of the **Chi War**, a titanic struggle across space and time to determine humankind's ultimate fate.

To prevail they must deploy ancient magics, gravity-defying kung-fu powers, post-apocalyptic survival instincts, and plain old-fashioned duffel bags full of guns to take down sinister eunuch magicians, secretive modern-day conspirators, post-apocalyptic cyborg rebel-tyrants, and more.

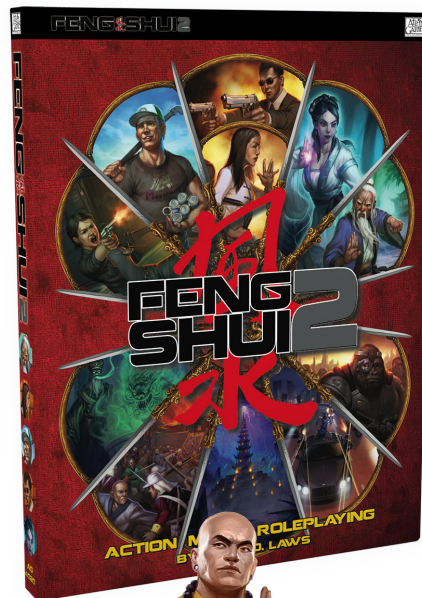

In *Feng Shui 2*, over-the-top combat is interrupted only by high melodrama, before the enemies of humanity surge forth to fight once more.

## Gameplay Basics

- **Players can get started right away** by choosing just an iconic archetype and a melodramatic hook. Options include maverick cops, cranky kung fu masters, masked avengers, and even enigmatic drifters from a post-apocalyptic future.
- Combat revolves around free-form stunts and awesome powers. **Freedom of imagination meets crunchy mechanical goodness.**
- **Loaded with GM advice**, easier to run than ever, and ready to go with an introductory adventure.
